RADICAL FEMINISM

TIPS ABOUT RADICALISATION

IT'S A PROCESS

It is a process through which a person comes to support or be involved in extremist ideologies. It can result in a person becoming drawn into terrorism and is in itself a form of harm.

IT HAPPENS GRADUALLY

So children and young people who are affected may not realise what it is that they are being drawn to.

IT CAN HAPPEN TO ANYONE

Thinking that something like this will never happen to you makes you vulnerable, since it may make it difficult for you to realize you are recruited.

WHAT CAN I DO IF I SUSPECT THAT SOMETHING STRANGE WILL BE HAPPENING?

Think about the following situations and how would you feel in the same circumstances.

There is a demonstration in your city

Supporting Women Rights and equality between
men and women.

You feel this is a good cause to go out and help.

But once you are there, you see how some of the girls are
committing vandal acts and destroying and painting the
walls of different shops and other infrastructures.

How would you feel?

During the demonstration

You see how all the boys and girls are carrying banners with messages for equal rights between men and women

But there is a group of girls who are carrying banners with a hate speech towards men

How would you feel?

The demonstration has ended up going to your High School

They have placed themselves in the middle
of the entrance and don't allow the
students to attend their lessons

How would you feel?

Some of your friends and you

Have been able to
access to the High School

But during the lessons, some girls have
come in banging pans and making it
impossible to pay attention to the teacher

How would you feel?

The next day

In your High School, all
classes have been
damaged and the walls of
the halls are full of graffiti

The staff has decided to close it for a few
days to bring it back to normal and you are
not able to attend your lessons

How would you feel?

DON'T LET ANYONE CONTROL YOU
