TIPS ABOUT RADICALISATION

IT'S A PROCESS

It is a process through which a person comes to support or be involved in extremist ideologies. It can result in a person becoming drawn into terrorism and is in itself a form of harm.

IT HAPPENS GRADUALLY

So children and young people who are affected may not realise what it is that they are being drawn to.

IT CAN HAPPEN TO ANYONE

Thinking that something like this will never happen to you makes you vulnerable, since it may make it difficult for you to realize you are recruited.

WHAT CAN I DO IF I SUSPECT THAT SOMETHING STRANGE WILL BE HAPPENING?

Think about the following situations and how would you feel in the same circumstances.

When you were studying at the library this morning

An email came through

Your friend looked at you saying: "Come on, won't you even give it a try?"

What would you do?

Finally, you decide to give it a try and explore the website

The first thing you can see when you open it
surprises you a bit

It seems to be an advice about wearing masks during the
protests, so you are able to commit vandal acts without
being identified

How this would make you feel?

As you lower the cursor, you find other previous posts

What you find next impacts you

There is a ranking in which the member of the organization
that has bothered the authorities most wins

How this would make you feel?

You also find a
list with
something that
looks like
ingredients

But to make what?

They explain how to make a molotov cocktail to throw to
the police station and many other public buildings

How this would make you feel?

At the bottom of the website

There is a big message for you

They encourage you to spread the information you just saw
with other people so they all can join the organisation

What would you do?

DON'T LET ANYONE CONTROL YOU
